UEFI FORUM

Membership Benefits

About UEFI Forum

Through a collaborative approach with world-class companies, institutions and experts, UEFI Forum continues to shape the future of personal and enterprise computing, by jointly discovering new firmware technologies, developing those industry standards, and sharing knowledge and resources within the platform technologies community.

WHY JOIN?

☑ Impact future specifications

☑ Access to the new versions of specifications

☑ Obtain greater knowledge of the specifications

☑ Stay up-to-date on key trends such as **firmware security** and updates

☑ Augment business and product plans

☑ Shape new market opportunities

☑ Demonstrate industry leadership

☑ Interact with industry peers

Working Groups

• **ACPI Specification Work Group**

• **Industry Communications Work Group**

• **Platform Initialization Work Group**

• **UEFI HII/Configuration Subteam**

• **UEFI Networking Subteam**

• **UEFI Security Subteam**

• **UEFI Specification Work Group**

• **UEFI Test Work Group**

Join UEFI Forum

Membership is open to any company, organization or individual interested in improving system performance and advancing security and interoperability through standards and best practices.

Membership Levels

UEFI Forum offers two standard membership levels: **Adopter** and **Contributor**.

ADOPTER MEMBERSHIP

➔ **Complimentary** membership

➔ General membership benefits:

- Access to the Members-only web area
- Invitations to member events
- Access to UEFI technical tools and design guides

CONTRIBUTOR MEMBERSHIP

➔ $3,300 USD annual membership

➔ Adopter membership benefits listed above, in addition to:

- Participation in UEFI Work Groups, by invitation
- Participation in email reflectors
- Access to draft specifications
